

At Home Word Problem

3rd–5th Grade

Parents and students,

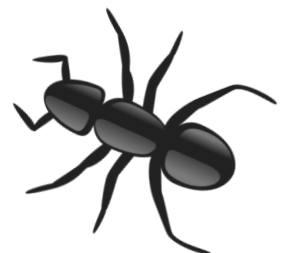

Please complete the word problem below together. Learning does not end in the classroom. Children need help and support at home to succeed in their studies. We appreciate your dedication to support your student with their academic success. Once you have completed the word problem, please submit it to Mrs. McMenemy for a chance to win a prize! Please have it submitted by Thursday December 18, 2014.

Thank you!

Mrs. McMenemy

An ant is at the bottom of a 12-foot deep well and is trying to get to the top. During the day he climbs 4 feet up, but at night he slides back 2 feet. How long does it take for him to get out of the well?

Name _____ Date _____

An ant is at the bottom of a 12-foot deep well and is trying to get to the top. During the day he climbs 4 feet up, but at night he slides back 2 feet. How long does it take for him to get out of the well?
